Pasadena, California

Innovative and ambitious software engineer with a foundation in computer science, a knack for problem-solving, a collaborative spirit for driving impactful projects, and an eagerness to learn.

Work Experience

Ice Cream Scooper
Aug 2022 - Feb 2024

Handel's Homemade Ice Cream | Pasadena, California, United States

At Handel's, I had the opportunity to build strong relationships and with my coworkers and managers as well as customers, allowing me to prioritize an inclusive work environment. Handel's fostered a culture that inspired a growth mindset, which is the biggest thing I have taken with me from my experience there.

Team member / Photographer
Sep 2018 - Oct 2021

Chick-fil-A Restaurants | Pasadena, California, United States

I was with Chick-fil-A, for a little over three years. Starting in January 2021, I was the in-house photographer for that store. I honed skills in team collaboration, ability to communicate in high-paced work environments and brand representation through my photography.
